About This Game

The Lost Soul is an arcade difficulty-focused platformer , made in a minimalist style. 13 different levels, each of which contain it's own unique soundtrack, checkpoint system, as well as many secrets.

Make it through a long way from the very entrance up to the depths of the mysterious factory in each of five difficulty levels. The higher the difficulty, the less lives the player has, and walkthrough will be limited by time. Learn the levels and find secrets that will help you complete the game much faster and avoid most of the traps.

A decent small platformer. Controls nicely. Worth to try ff you enjoy challange and have about an hour to spend.. Fun rage Platformer. Easy mode can get pretty tricky! I would be cool if there were more levels, and some sort of intro\vturoial, but overall it's a fun, short game.. Great game! Nice soundtrack and creative sprites! 10/10
