## About This Game

Are you having a hard time typing words, or you want to improve it?

Welcome to Type, the second Installment to the Casual Games made by S.A. Digiworks. Where you can play on more than 5 Modes at 3 Difficulties. Playing on Easy is just a warm up, Playing on Medium is just playing a normal game, Playing on Hard is another different story. It will give you some fun, challenge and may improve your skills at typing. Some of it's features depend on a future Game but the gameplay will not be affected. Can you accept the challenge?
